Dear Friends

Thank you to our Communities

The response we have received from our communities to support our coronavirus vaccination programme as volunteers has been fantastic and would like to say thank you for all your support.

As the programme is rolled out across our region, we would love to hear from anyone who would like to get involved as a volunteer. The support we are seeking is for Car Park Marshals to support with traffic control and direct people to the Vaccination Centre. In addition, we are also looking for volunteers to support as Meet and Greet volunteers, which involves meeting and greeting patients and directing them within the centres.

We are particularly interested to hear from people who would like to support us in the Llanelli, Carmarthen, Tenby and Haverfordwest areas. These volunteer roles are important to enable the flow of people through the vaccination process and is part of a wider team approach.

As these roles are public facing there is an expectation that you may be in contact with the members of the general public and colleagues. Those who have underlying or chronic health conditions therefore deemed vulnerable for their own health reasons are politely asked not to apply for a volunteering placement at this time whilst we manage our volunteers during this pandemic.

In addition, along with guidelines we are politely asking that people under 18 years of age or over 70 years of age not to apply at this time.

If you would like to express an interest in supporting us with these volunteer roles, we would love to hear from you, please contact HDd.VolunteerForHealth@wales.nhs.uk

Thank you

David Fretwell
