Under the Welsh Language Act 1993, several public organisations are required to prepare a Welsh language scheme.

Organisations are gradually transferring from implementing Welsh language schemes to Welsh language standards. Public organisations that are not currently implementing Welsh language standards will continue to operate language schemes under the Act. This is the case for Town and Community Councils.

Council is required to review the scheme very three years and resubmit to the Welsh Language Commissioner for approval. The current scheme is based on a template provide by the Commissioner. Some changes have been made and are marked in the document at **Appendix 2** to reflect the current situation.

Carmarthenshire Public Services Board (PSB) is preparing the Carmarthenshire Well-being Plan for 2023-2028. The Plan is based on the Well-being Assessment and the PSB wants to find out if we have identified the correct priorities and steps for future action to support the well-being of local people and communities, now and for the future. Many things can influence the well-being of our individuals and communities, such as economic, social, environmental, and cultural factors.

Agenda Item 8: A website for St Peter's Civic Hall

Members are asked to consider if they would support the development of a website specifically for St Peter's Civic Hall. Currently, information about the hall is housed on the main Town Council website and can be quite difficult to find. It is felt that a standalone website would enable the Town Council to provide more information and better promote the hall and events that happen there. This in turn could lead to increased income for council and more community activity at the hall.

Cllr. Dai Evans has been working on an example website to show how it could work and will share this with members at the meeting,
